MY WORLD - A MOMENT OF ENLIGHTENMENT

The magical world that I live in sometimes, creating a space of enlightenment for me to flourish in. The beautiful balance of the light and dark. The idea that we are just a ball floating around in space, waiting for discovery of all types. This sunrise reminds me of the beauty of a new day and all that it can bring. The energy it holds for all to witness.

The planet feel of this image captures the grand landscape of a salt flat as a recent rain cleansed the earth and filled the salt pans with water. This panoramic image brings a different type of life to this desolate place. Charged in the warmth of love, gratitude and wisdom.

This is a Limited Edition of 200 and comes with its own certificate of authenticity.

Limited & Open Edition artworks ships in 4-6 weeks. *Interested in a size or framing option not available online? We are here to help! To speak to an Art Specialist, please click the link below.*
